BASEBALL TODAY.

Bloomer Girls vs. Maysville at the Park This Afternoon.

The most celebrated aggregation of female baseball players, known as the Bloomer Girls, arrived in their special car over the C. and O. last night and will meet a picked nine of the best players of Maysville at the ball park in the the Sixth Ward this afternoon at

The fame of the Bloomer Girls as baseball players is wide spread, and those who attend may do so with the assurance of seeing a first-class exhibition of ball tossing-at least on the part of these ladies, and we have the further assurance that the opposing team is composed of as good playing material as can be found anywhere.

Wherever the Bloomer Girls have given an exhibition of their ability at baseball large crowds of ladies and gentlemen have attended and come away, not only delighted at their skill and ability at the bat as well as in every position in the game, but with their ladylike deportment at all times on the field and elsewhere. Miss Maud Nelson will pitch for the Bloomer Girls, and we are informed that she not only has great speed but perfect control. The young gentlemen who oppose them this afternoon had best look to their laurels. A large crowd will witness the game which will be called sharply at 3 o'clock p. m.

The line-up of the teams is as follows. Maysville. Bloomer Girls. Blythe, 1 B. Celia Brown, 1 B. Dunbar, 2 B. Sophia Schultz, 2 B.

Peterson, 3 B. Easton, S. S. Dawson, L. F. Rudy, C. F. Vaught, R. F. H. Ort, P. Gruniger, C.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed con-dition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness in the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an in-
